

Pivotal Retail Marketing Limited –
An approved Safe Contractor and Safe PQQ verified business.

SafePQQ is an extension of the SafeContractor health and safety contractor management system that provides organisations with greater visibility of their supply chain compliance. It is an online product built to include the common question sets defined within PAS91, a standardised pre-qualification questionnaire.

SafePQQ will collect and verify information covering finance, anti-bribery, environment, GDPR, quality management, right to work, equality, building information modelling, modern slavery, and references.

This means you can demonstrate that you are a safe, ethical and sustainable company to work with through the SafePQQ verification badge.

SafePQQ is an extension of the SafeContractor health and safety contractor management system, that provides organisations with greater visibility of their supply chain compliance.
Please note, these rules must be respected and followed as a condition of using the SafePQQ seal of approval.
